

# STUDY IN ENGLISH & IMPROVE YOUR FRENCH

*GUARANTEED WITH LESS FRENCH BUT PLENTY OF FRANCE!*

TO STRENGTHEN ITS ATTRACTIVENESS TO INTERNATIONAL PARTNERS AND FOSTER STUDENT EXCHANGE MOBILITY, THE UNIVERSITY OF CAEN NORMANDIE IS OFFERING A GROWING NUMBER OF CURRICULUM TAUGHT IN ENGLISH.

THESE THEMATIC CURRICULUM, MODULAR OR INDEPENDENT AND AVAILABLE IN DIFFERENT FIELDS OF STUDIES, ENABLE EXCHANGE STUDENTS TO OBTAIN THE MINIMUM NUMBER OF CREDITS REQUIRED TO VALIDATE A SEMESTER ABROAD.

TO MAKE THE MOST OF THEIR EXPERIENCE, STUDENTS ENROLLED IN THESE ENGLISH-TAUGHT PROGRAMS WILL BE REQUIRED TO TAKE AN INTRODUCTORY OR ADVANCED MODULE IN FRENCH DURING THEIR STAY AT THE UNIVERSITY OF CAEN NORMANDIE.

Although exchange students have access to all the above-listed courses, we strongly recommend that Sophomore and Junior students choose BA courses only, while Senior and Graduate students may choose any courses.

Exchange students can combine courses from maximum 2 departments, 60% as a major, 40% as a minor. Beware that schedule conflicts may occur when mixing courses from different faculties. Students may have to revise their courses list once they are provided with their final time table.

The complete courses catalogue for incoming exchange students is available at <https://pick-your-courses.unicaen.fr/catalog>

As an exchange student, taking courses in English specially at IAE has been awesome! Everyone speaks English very well and the courses are easy to understand. I've also made a lot of French friends where we can both practice each others native languages. If any exchange student is nervous about taking a full workload in a foreign language, taking courses in English is a valuable way to comfortably gain new knowledge, without feeling overwhelmed getting thrown into multiple courses without knowing the native language fluently. Although I'm taking courses taught in English, I am still learning French everyday and even taking a French foreign language class. Students will still be able to learn a foreign language even if their courses taught in English!
